

Artist Application for Exhibit at Royal

Name _____

Address _____

Email _____ Phone _____

Website _____

Please submit a short biography of yourself as an artist, and six images of your work. If you have a website with your work, that will serve the purpose. Otherwise please submit photos or a CD, which will not be returned.

We will keep your information on file for upcoming exhibit dates. If your application is accepted by the art committee, you will be contacted as openings occur. All work should be framed and wired.

A space will be designated for information fliers about the artist, as well as a price list. JCCT will not handle sales, but patrons may contact the artist for purchase. JCCT and BFA jointly request a 20% commission on any sale made as a result of the exhibit, which will be split between the two groups. Taxes are the responsibility of the artist.

Exhibits will last for the duration of the play, usually two weekends. The exhibit space will be securely locked. However, insurance is the responsibility of the artist.

Because our exhibits are held during plays, we will not sponsor "opening receptions." However, if the artist wishes to do so, and handle invitations, publicity, and refreshments, JCCT will be glad to try and arrange a time to accommodate such an event.

Publicity about the exhibit will be included in JCCT's publicity for the play. The artist may supply us with a photo, a short biography for the publicity.

We can provide the artist with a diagram of space available for exhibiting. A mutually convenient time will be arranged for hanging the show, with a JCCT or BFA representative available to assist and advise.

The committee will meet once a year and select the exhibits which will be hung during the year. To be considered for the 2013 exhibits, please submit applications by October 31, 2012.

If accepted for an exhibit, I agree to the terms above.

Signed _____ Date _____

Send to: JCCT Art Committee, PO Box 65, Brownstown IN 47220
